Applied Information Systems and Management (AISM) is a peer-reviewed, scientific journal published by Department of Information Systems State Islamic University (UIN) Jakarta in The aim of this journal is to publish the quality articles which are ideas between academics and practitioners, it focuses on the practice, philosophy and methodological concerns of information systems (is) and management. its scope covers a critical view of the information system, development, implementation, strategy, management and policy issues.

AISM will be published twice a year (2 issues/year). The journal provides archival-quality papers that advance the state-of-the-art and practical applications of IT-enabled technologies and IT-based service management. It also brings accessible articles describing original research in the inherently interdisciplinary world of Information Technology and Information Systems. Theoretical research contributions (presenting new concepts and techniques) and applied contributions (reporting on experiences and experiments with actual systems) are encouraged.
